## Can we play Kingstonian or Ashford every week?

February's highlight was, without a doubt, the magnificent away win at Kingstonian, although the trouncing of Ashford Town comes as a close second. In both those games you saw just how well we can play. Kingstonian had been top of the table since early September but our 2-1 victory was certainly not flattering as we could have scored more goals. Sadly the games that followed did not live up to that performance and the failure to score goals has cost us dearly. I think many will agree that if we put that right then there will be no stopping us!

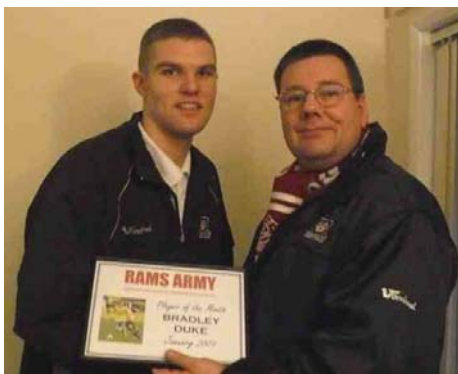

There are still 30 points to play for as we look to the last 10 leagues games of the season; and there are some good ones to look forward to starting with Whyteleafe on 3<sup>rd</sup> March.

A very big thank you must go to Tim O'Shea who came along to our Fans Forum on 27<sup>th</sup> February, to Neil Smith his assistant who joined in also and thanks to the Club who arranged free food for those who attended which was both generous and most welcome.

Those that did attend found the evening very interesting and added an insight into life as a manager in the Ryman League. Tim's answers were full and honest as he dealt with the issues raised and demonstrated his own knowledge of the game and passion for Croydon Athletic.

I know that all those who turned up enjoyed it very much and we hope to repeat it again next season; we hope to arrange other events too and will keep you informed.

Our January player of the month was awarded to Bradley Duke. Votes were cast by Rams Army members and weighted depending on the number of games they had seen; four players received votes but Brad had a healthy lead and was a worthy first winner.

Brad was presented with his award, a framed certificate, by Mick Lloyd after the Folkestone match (pictured left).

Don't forget to vote for this month's award.
